To whom it may concern

I have known Adrian Aviles for over 10 years. As a former coach in the Baseball Organization Adrian played for I have followed his progress thru High School not only for his great athletic ability but the matureness he showed on and off the field. As a teacher, I had mentioned Adrian's name to the High School coach as a student athlete to keep an eye on.

Adrian has great family support, but he is a self-motivated and hardworking young man. He is very dedicated to his studies as well as his sport. Adrian continues to improve and is not satisfied being one of the better players, he aspires to be the best.

I am very impressed by the way he carries himself off the field. Adrian has great communication skills and is as comfortable speaking with adults as he is with people his peer. He seems to be liked very much by his teammates. He is very confident but what I am impress by is how he wants to win and his support of his teammates.

I am confident Adrian's skills and abilities would be a great asset to any organization and I highly recommend him. If you have any questions please feel free to contact me.

Sincerely,
