To Whom It May Concern

I have known Adrian Aviles for over 14 years. As a close friend of his family, I have had an opportunity to get to know Adrian and his passion for sports.

Adrian is motivated and works hard to achieve his goals. He is a go getter. His commitment and dedication are evident with his involvement in various baseball teams for many years. As a valued member of his athletic teams he has demonstrated to be a great team player and determined to achieve his goals. He is willing to put in the extra work to achieve his goals. He has a great family support system that help him be a great young man.

I am confident that Adrian's talents and motivation would be a valuable asset to any organization and I highly recommend him for any college or employment. Please contact me if you need additional information.

Sincerely,

Rafael Lopez
